**DESCRIPTION:**

The Regents of the University of California, on behalf of UCR, is partnering with the Riverside Unified School District (RUSD) to propose a ground lease of University-owned land (see site location map) on East Campus for the purpose of constructing a new RUSD STEM Education Center serving grades 9 through 12. The approximately three story, 87,000 square foot RUSD STEM Education Center will serve approximately 1,200 students (full time and part-time) with a capacity of 800 students at any given time, who are pursuing their interests and aptitudes in areas of science, technology, engineering, and mathematics.

**OBJECTIVES:**

The STEM Education Center will consist of classrooms, administrative offices, a multi-use discovery center, fabrication lab, food service, lecture facilities, a fitness center, outdoor learning areas, and associated parking and circulation.

**ENVIRONMENTAL DETERMINATION:**

The proposed project will be subject to an Environmental Impact Report (EIR) under the California Environmental Quality Act (CEQA).
